

Windsor Park Community Newsletter

June 2013

Message from the President...

Park Redevelopment Update

We did not get the amount of grant funding we expected and will not be able to proceed with the planned spray deck this year. We asked for \$125K, hoped to get \$100K, probably could have squeezed by with \$80K but we only received \$25K. We are now seeing if we can use the funds for other park redevelopment expenses, such as more picnic tables, trees and plantings in the south park area.

Our thanks to all the members of the Park Redevelopment Committee for their stellar work over the last four years. Even without the spray deck, the park is absolutely brilliant.

Time for a New President

I have been hinting, announcing and reminding that this is my last year as WPCL president. This last seven months of dealing with the guesthouse issue has been remarkably unpleasant and it has severely curtailed my other volunteer work. It's time for a fresh perspective. I will gladly stay on as past-president and building manager if requested.

That said, if you might be interested in serving your community in this generally very rewarding capacity, please bear in mind that the unpleasant times are the exception. While the last four years have been pretty action packed, what with the park re-development, LDS expansion, infrastructure renewal and guesthouse issues, all these will be largely dealt with by the fall, when we'll have our AGM and executive election. Normally, things are actually pretty quiet and the excitement limited to illegal parking and noisy neighbours – I once declined an invitation to pop round at 2 a.m. to hear a noisy dog.

Please contact me at the coordinates below if you are interested. I'd be happy to provide more details about the president's role, the division of responsibilities amongst other dedicated members of the executive, and even new ways we can organize the community's work. Perhaps we could have two co-presidents?

8304 – 117 St. Guesthouse Poll Results

The question was: "Do you support the WPCL executive's decision to work with the 8304 – 117 Street re-zoning?"

We tallied the results in three ways: by response, by number of adults and by address. This is because some households sent more than one response (i.e., each adult in the household sent their own), and other households sent responses that included several signatories.

Number of responses (email, phone call and letter): 78 in support and 55 opposed.

Adult individuals named as signatories in all the responses: 112 in support and 71 opposed.

By household (i.e., street address): 73 in support and 42 opposed.

And, for interest, here's the breakdown by address location:

- north Windsor Park including west of Groat Road: 52 in support and 31 opposed.

- south Windsor Park excluding west of Groat Road: 21 in support and 11 opposed.

Proximity to one of the guesthouses:

- 120 Street between 83 and 87 Avenues: 7 in support and 2 opposed.

- within four houses (N, S, W & E) of 8304 – 117 Street: 2 in support and 1 opposed.

Guesthouse Re-zonings Here On In

First, the WPCL executive will work with the applicants at 8304 – 117 St. and the City of Edmonton to ensure that the DC-2 bylaw is properly written. A properly written bylaw will, among other things: narrowly define the uses and structures; limit guests to medical and medical related stays; limit any further physical expansion; etc. If the bylaw is so written, the executive will support it at the public hearing in front of City Council. If not, we will vigorously oppose it.

Second, the WPCL executive will continue its work to defeat the 8319 - 120 St. re-zoning application. While working on the poll and other league matters, the executive has been in almost daily contact with the City over on-going issues at 8319.

Issues Raised During the Poll

I don't have the space to answer them all, but here is a representative sampling of queries and comments received during the polling:

"Will a DC-2 re-zoning set a precedent and make further DC-2 re-zoning easier?"

No, an existing DC-2 zoning is not a factor in subsequent re-zoning applications. We already have a property zoned DC-2 in the neighbourhood: the yet-to-be-built condos at 87 Ave and 117 St. The condos will not be referenced in the application, because the presence of condominiums is not material to a guesthouse operation. Neither would an existing guesthouse be any reason for another. DC -2 zoning is site-specific and any application is judged on its own merits, or lack thereof.

"There is apparently already a process in place for legal second suites which should be sufficient for anyone with reasonable expectations."

It is not the guesthouses that want re-zoning. The City has reviewed the guesthouse operations carefully and decided that no standard zoning category can be used to permit their continued operation. The owners of the guesthouses would be delighted to be able to keep RF-1 zoning, as the re-zoning process is very expensive and onerous for the applicant.

"I think these results should go to an unbiased third party or that members of BOTH sides have access to the results"

This is an opinion poll. Limiting the number of people receiving the results encourages people to speak freely. I have received many private communications during my time as your president. People from time to time will tell me things in confidence that they may not want all their neighbours to hear. It is my job to represent the whole community, not just a vocal minority. A good example of this is reflected in the poll results reported above. Most of my work on this issue has been dealing with people upset with the 8319 – 120 St. guesthouse, most of whom live on 120 Street south of 87 Ave. Some of them have decided it would be a bad idea to work with 8304 – 117 St and have campaigned vigorously against the executive's position. Yet the results show that 7 households on that same street have no problems with a suitably regulated 8304 – 117 St.

"We have first hand experience with rezoning of this type having resided in Canmore. Guest houses, guest suites disturb the harmony of residential neighbourhoods, cause congestion and parking

issues..."

As the 8304 – 117 St. guesthouse has been operating quietly and respectfully (and without a single complaint!) in our neighbourhood since the mid-1990s, we are confident that this will continue after re-zoning.

"rezoning of any property in Windsor Park will allow other kinds of bed and breakfast activity in this residential area"

There already is a bed and breakfast operating on 116 St. A bed and breakfast is a discretionary use available under RF-1 zoning. Only single properties are being considered for re-zoning in this case – any successful re-zoning will not affect or change the zoning of any other properties in WP.

"I was surprised (and disappointed) to read that they (8304 - 117) have been running without the appropriate permit for several years now..."

Yes, they were surprised as well, as they were unaware they were doing so; and, it's not years but decades. Not a point in their favor, I agree. However, there are a number of structures that have gone up in our community without proper notification or permitting. We deal with them on a complaint basis. The WPCL executive has long been aware that the use of 8304 – 117 St. was unpermitted, however, there were no complaints and the immediate neighbours were happy, so we did not take any action.

"... we have to protect our interest in maintaining our neighborhood RF1 characteristic and curtail potential erosion of our neighborhood turning into a commercialized zone."

While it is true that some commercial areas make extensive use of DC-2 zoning – I believe South Edmonton Common has been mentioned by some during this debate – DC-2 zoning is not intrinsically commercial, residential or anything else, for that matter. It is simply site-specific zoning. It is used where a use or structure doesn't fit into any of the existing zones. 8304 – 117 St. is owned by an international church body, staffed entirely by volunteers (including a volunteer nurse) and has only a suggested donation of \$40 a night: sounds more like a charity than a viable business plan to me.

You Cannot Accept the Executive's Position

If you cannot accept the executive's position on the re-zoning applications, there are several options for you to pursue:

- phone, email or write your councilors and mayor (they are making the re-zoning decision, not us);
- appear at the public hearing before City Council (you will get the same five minutes as anyone else); and/or,
- follow the procedures in our bylaws and call a general or special meeting of the WPCL. I would be glad to provide you with a copy of our bylaws and explain how to proceed, as I have already done with some residents.

Comments? Concerns? Questions? Please feel free to contact me at 780.433.1270 or jbcollier@shaw.ca
780 433 1270.

**Gregor and James'
Lawn Cutting Service**

We are 16-year old twins who live in Windsor Park and we have been cutting neighbors' lawns for the last five summers.

We have our own lawn care equipment and can tend to properties north of 87th Avenue.

If you are in need of a regular lawn cutting service or temporary vacation service, please contact us at 780-484-8132 or 780-668-8899 or via email at mejammed@telus.net
We charge per cut, based on the size of property and services required.

**Green & Gold
Community Garden**
A local garden with global impact

The Green & Gold Community garden, on the University of Alberta South Campus, has started Spring planting. The garden is an initiative of the University's School of Public Health and Faculty of Agricultural, Life and Environmental Sciences. Volunteers manage the garden and all of their time, and most of the seeds, plants and equipment used are donated.

All are welcome to volunteer at the garden or to come to the garden markets when they open (in late June or early July).

The vegetables, herbs and flowers are all "spray-free" (no pesticides or artificial fertilizers are used). Anyone is welcome to 'purchase' their vegetables at the garden market.

Every penny of donations goes to the **Tubahumurize Association**, a non-profit organization in Rwanda that provides socially and economically marginalized women with vocational training, counselling, life-skills coaching, health care education, and opportunities for sustainable income generating activities.

If you would like to receive the garden e-mails this summer (these let you know what produce is available at the garden that week and the market hours) please sign up to our garden listserv at:

Edmonton's Front Yards are in Bloom

Front Yards in Bloom asks neighbours to recognize neighbours for their attractive front yards. Front Yards in Bloom started in 1999 and received 150 nominations in its first year. Last year, we got 1500 and this year we need your help to get 2000. The deadline for nominations is **June 28th**.

Yards can be nominated in three categories. A **'Front Yard in Bloom'** has an aesthetic front yard designed with colour and character. A **'Natural Front Yard in Bloom'** is a yard with a "natural" aesthetic, using native plants, and limited pesticides and herbicides. An **'Edible Front Yard in Bloom'** is a yard incorporating edible fruits and plants into the landscape design.

After the deadline, volunteers will deliver a sign and certificate to each nominated yard. Volunteers will also chose some top yards for recognition.

The top Natural Front Yard is selected by the Edmonton Naturalization Group and the top Edible

Front Yard is selected by Sustainable Food Edmonton. Results will be announced during the Edmonton in Bloom Awards on August 9th at City Hall. Everyone is invited!

Anyone can submit a nomination (no self-nominations, please). Nominations must be for a front yard or a yard visible by everyone.

Submit nominations to:

Online: www.frontyardsinbloom.ca

E-mail: front.yards@edmonton.ca

Phone: 311

Fax: 780-423-2883, Att: Front Yards in Bloom

Mail: Front Yards in Bloom 11001 – 107 Street
Edmonton, Alberta T5H 2Z6

For information and to complete the nomination form, visit www.frontyardsinbloom.ca

McKernan Skateboard Spot June 9th, Noon to 4 pm

Thank you Windsor Park Community League for your generous donation to the McKernan Skateboard Spot and Spray Deck at McKernan Park. The McKernan Community League is celebrating the Grand Opening of our new park on June 9th, from noon to 4 pm. We hope you and the residents of Windsor Park will join us on this day. We are celebrating with a BBQ, skateboarding, water play and we will have a ceremonial dedication and ribbon cutting at 2 pm.

With your donation our community was able to create an extraordinary playspace for our youth and our children. This spring attendance for McKernan Park has increased by at least 400%. The small skateboard spot has become a popular place for our youth and young adults to enjoy outdoor physical activity. I am sure the spray deck will be equally popular this summer.

Dr. Geneva Misener A Scholar and a Lady

Drive down the two short blocks of 90th Avenue in North Garneau and you are likely not to take a second look at the small, modest house located on a narrow lot at 11013 90th Avenue. But you would be wrong not to take a second look for this is an historic house; it was built and occupied for many years by the first woman ever to be appointed to the academic staff of the University of Alberta, Dr. Geneva Misener. Dr. Misener joined the Classics Department in 1912 as an assistant professor and remained there until her retirement in 1946.

On Sunday, April 28, some sixty people gathered in the Atrium between North and South Rutherford Libraries on the University of Alberta campus to honour Dr. Misener with the unveiling of a plaque to be placed on her home. She joined the Classics Department in 1912, and remained there until her retirement in 1946 as a full professor.

Geneva Misener was born May 20, 1877 in Wainfleet, Ontario. She was one of the earliest women university graduates in Canada, obtaining a Bachelor of Arts degree from Queen's University, which in recognition of her academic achievement presented her with a Gold Medal for Latin and Greek. From Queen's, she went on to earn a PhD from the University of Chicago and a scholarship from the American Federation of the University Women in 1903. That year, she also became head of the Classics Department at Rockford College, "a Seminary for Women". In 1909, she moved to a similar institution, Chicago's Kenwood College, as dean. Then in 1912, she came to the University of Alberta as an assistant professor.

Dr. Misener was a strong supporter of education for women and established two scholarships for students in Classics which are still awarded annually. But Classics was not her only interest or her only activity. She was an active member of the Edmonton branch of the Canadian Federation of University Women (CFUW) for many years and she was a founding member of the national association of CFUW. She also promoted women's athletics, organizing the first women's ice hockey team in the province. To this end, she joined the Alberta Amateur Hockey Association, later becoming its first woman President and eventually its Honorary President. She also served as 'Warden' of the Pembina Hall student residence. (The term 'Warden' was later replaced by 'Dean of Women'.) She served on the U of A Senate and was Education Convener for the National Council of Women. Following her retirement, she

moved to Vancouver where she died in 1961 at the age of 84. In 2004 the City of Edmonton honoured her as one of the "100 Edmontonians of the Century".

Although she never married, she did become a single parent of two young nieces when her brother, Elson, and his wife divorced with neither parent wanting custody of their offspring. Dr. Misener adopted the two girls, one an infant and the other but three years old, and raised them on her own. A number of members of the Misener family, several of them related directly to the two girls, were in attendance at the ceremony and told the stories they knew about this remarkable woman. They came from as near as Wetaskiwin, and as far as Winnipeg and California. Dr. Misener herself was present in the guise of one Win Mellon who had played her part before.

The move to recognize Dr. Misener was sponsored in part by the University Senate through the Emil Skarin Fund. (Emil Skarin was a Swedish immigrant who attended the U of A and became a wealthy business man; he also happened to reside in North Garneau and later in Windsor Park.) Others involved were the Garneau Community League, the CFUW Edmonton, whose History Group did much of the research into Dr. Misener's background, the national President of the CFUW, and the local 'Preserve Garneau' group headed by Garneau historian, Frances Cruden. Councillor Karen Leibovici brought greetings from the City. Kathy Bruce-Kavanagh, Treasurer of the Garneau Community League, presented a cheque for \$1,000 to the CFUW Edmonton in recognition of their work on behalf of the Misener project. And then afternoon tea was served. (Details of Dr. Misener's life are mainly taken from a brochure published for the occasion.)

Shirley Wright

Piano for Sale

44" console 1982 Heintzman. The appraiser gave it 68/70 points and says it has low mileage and a great sound. The wood seems to be cherry and the finish is in near perfect condition. The piano was appraised at \$4000 with a replacement cost of \$9000. We will sell it for \$1500 and the buyer must pay moving costs.
